Just trying to support the dev!. Not too much content but good to support the dev and if the dev is taking suggestions i suggest more maps (multilayered would be cool) more mods like Capture the flag or something or multi life stuff. My friends and I have been looking for a bomberman kinda game forever. It's so much fun and is hella cute. It's great that it's free to play, so I decided to buy the cosmetics to support the devs. Thanks for the fun game ^^
